Kelly Shaver Research Seminar

November 5, 2010

Kelly G. Shaver came and talked about his research in Social Cognition and Entrepreneurial Persistence on the 29th of October. There were several faculty members as well some PhD students in attendance.

Some of the topics talked about were small business formation, necessity based entrepreneurship, and myths about entrepreneurs.

We'd like to thank Kelly for coming out to Georgia Southern and all of the faculty and students who attended.
